SKILLS

- Languages:** C++, Python,R, Java, C, JavaScript, HTML/CSS
- Frameworks:** TensorFlow, PyTorch, Hugging Face, React, Node.js, Express.js, Next.js, Tailwind CSS
- Tools/Platforms:** MySQL, MongoDB, Google Colab, Git, Gitlab, Flask, Vercel, Docker, Jenkins, REST API, Streamlit, AWS, Tableau
- Soft Skills:** Leadership, Problem-Solving, Team Player, Communication, Adaptability

PROJECTS

- Interactive India AQI Tracker** [Link](#) July' 2024 - August' 2024
- Built aninteractive air qualityanalytics dashboard for India using real CPCB dataset, enabling city-wise pollutant comparison and temporal trend analysis across AQI categories
 - Performed end-to-end data wrangling with Pandas including datetime parsing, year/month feature extraction, period indexing, and NA imputation for multi-pollutant columns (PM2.5, PM10, NO2, SO2, CO, O3)
 - Deployed on Hugging Face Spaces with a Streamlit frontend; configured wide layout with optimized data loading for smooth UX on large CSV datasets
- Rag Resume Analyzer** [Link](#) Feb' 2026 - March' 2026
- Built an AI-poweredresume analysis tool using Retrieval-Augmented Generation (RAG), enabling context-aware Q&A over uploaded PDF resumes with semantic search
 - Integrated Google Gemini 2.5 (Flash, Pro, Flash-Lite) as the LLM backend with model-selection support, allowing users to toggle between speed and reasoning depth
 - Deployed the application on Hugging Face Spaces with a Streamlit frontend, making it publicly accessible with zero infrastructure setup
 - Configured a multi-model selection UI in Streamlit with wide layout and a custom page config for a polished user experience

SUMMER TRAINING

- The Complete MySQL Developer Course** June' 2024 - July' 2024
- Acquired practical experienceinMySQL,implementing fundamental database concepts such as ER modeling, DDL, DML, and complex SQL queries.
 - Developed complex queries using joins, nested queries, and aggregate functions, enhancing data analysis capabilities.
 - Utilized Git/GitHub for version control, facilitating seamless collaboration and efficient project management.

CERTIFICATES

- Social Networksby NPTEL. November 2024
- Data Analysis with Tableau by Coursera November 2024
- Supervised Machine Learning: Regression and Classification by Coursera October 2024
- Complete MySQL by E-Box. July 2024
- Mastering DSA using C and C++ by Udemy. February 2024

ACHIEVEMENTS

- Hacker Rank 4-Star in Java May 2024
- Hacker Rank 4-Star in Sql February 2024

EDUCATION

- Lovely Professional University** Phagwara, Punjab
- Bachelor of Technology Aug' 2022 – July 2026
- Computer Science and Engineering; CGPA: 7.79
- Prince Career Pioneer School** Sikar, Rajasthan
- Intermediate April 2020 - March 2021
- PCM; Percentage: 85.4%
- Witty International School** Udaipur, Rajasthan
- Matriculation April 2019 - March 2020
- Percentage: 81.6%
